## First Gifts For UF Hit 18 Per Cent

Pledges and contributions turned in at the first Greater Holland United Fund — Red Cross progress report meeting this morning at Hotel Wm Friend amounted to \$24,035.10 or 18.31 per cent of the \$131,250 goal.

Raymond J. Helder, drive chairman, said comparisons with last year's reports indicated that the rate of giving by many groups is exceeding last year's amounts. This is a healthy sign and one that must continue as other reports are received if this year's goal, the largest in the history of the United Fund, is to be met, Helder noted.

Two additional employee groups qualifying for the "E" Award for Outstanding Citizenship were announced at this morning's meeting. The two groups are the employees of The Holland Evening Sentinel and The De Pree Co. In winning the "E" Award, employees at the De Pree Co. averaged \$14.10 per employee, the highest average thus far reported in the drive.

This brings to four the number of groups qualifying thus far for the "E" Award. The other two employee groups are Hart & Cooley Manufacturing Co. and the Sigh-Lowry Furniture Co.

Divisions reporting amounts reported and division quotas are: Commercial (Louis Hal-lacy) \$944 of \$12,800; Retail (James Vande Poel) \$285 of \$7,830; Construction (Paul Elzinga) \$175 of \$3,150; Professional (Dr. Harold C. Fairbanks) \$185 of \$4,350; Public-Civic (C. J. Westendorp) \$604 of \$9,100; and Industrial (Arthur C. Becker) \$20,542.10 of \$87,000.

The second "Dutch Treat" breakfast meeting will be held at the Hotel Warm Friend, Wednesday, Oct. 12 at 7:30 a.m.

## Fennville School Enrollment Up

FENNVILLE — Total enrollment in Fennville public schools this year is 1,578, or 65 more than last year's enrollment of 1,513.

There are 827 children enrolled in kindergarten through fifth grade, 372 in sixth through eighth, and 379 in ninth through 12th. Senior class enrollment is the lowest at 67, but kindergartners number 159.

The Board of Education will hold its monthly meeting Tuesday, Oct. 11, at 8 p.m. at the high school instead of the regular second Monday. The board will be meeting with a member of the State Department of Education.

## Deputies Ticket Driver

Allen L. Peasley, 16, of route 1, Dorr, was ticketed by Ottawa County sheriff's deputies for failing to stop in an assured clear distance after his car hit a car driven by Ruth Ann Krui-hof, 21, of route 3 on 64th Ave. south of Adams St. Tuesday.

## Local Human Relations Commission Appointed

Mayor Neilson Bosman was not present at Wednesday's City Council meeting but he submitted appointments for a 15-member Human Relations Commission and for a member to the Board of Public Works. All appointments were approved by Council.

The new BPW member is Charles J. Cooper who fills the unexpired term of Dr. Adrian Klaasen. This term runs to June 30, 1967.

The 15 members to the Human Relations Commission are selected for one, two and three-year terms.

Serving three-year terms will be John F. Donnelly, Charles T. Clevering, Dr. Robert De Haan, Mrs. William Lamb and Alta Wilburn.

Serving two-year terms will be Donald L. Irmann, Lupita Reyes, Dr. Miner Stegenga, Mark Vander Ark and Al Was-sink.

Serving one-year terms will be Wilma Bouman, Rev. David Clark, Jack Daniels, Marie Hays and Dr. Carlos Tapia Ruano.

In another appointment, Council named Lou Hallacy to a three-year term on the Tulip Time board. He succeeds Lawrence A. Wade. Albert James Prins was named to the Board of Cannvassers succeeding William Barlow. This term expires Dec. 31, 1969.

Another communication from Mayor Bosman thanked Council for flowers sent during his illness which hospitalized him for three weeks.

Fully a half hour was devoted to a public hearing on developing parking lots on both sides of Eighth St. just west of River Ave. Several persons protested assessments on residential property and some owners were not happy over being assessed a second time for parking development. Others favored the proposed program and said improved parking was the only way to keep the downtown healthy and productive.

City Attorney Gordon Cunn-gham said it is legal to assess residential property if it is benefited from the improvement, explaining that "permitted use" is considered, not the "present use." Since these houses lie in commercially zoned property, the value of the property is enhanced by offstreet parking nearby.

There were petitions from various chapters of the Holland Quarters and other interested persons requesting that the building of Lois Sinke, 49 West Eighth St., be preserved as a landmark. A letter from Mrs. Sinke gave a brief history of the building, its past, present and her plan for the future. This property is not included in the proposed parking development.

The two areas in question are the Super Foods warehouse just east of police headquarters and the former Holland Printing Co. just east of Essenburg Elec-tric.

Council unanimously approved the program, and the resolution calls for assessments to be divided into 10 equal installments. Council then voted to exercise the option on the grocery property at 55 West Eighth St. for the sum of \$25,000, the cost to be charged to the Parking Public Improvement Fund. This site will provide 18 spaces.

## Residents See UFOs in Area During Night

ALLEGAN — Brightly-colored unidentified flying objects reported over southern Allegan County and elsewhere in western Michigan Wednesday night may have been the light of stars reflected through frost crystals in the air, Allegan County sheriff's deputies said.

Deputies said Roger McPherson of Otsego, a Western Michigan University sophomore majoring in astronomy, saw the objects, and identified three of the lights as prismatic refractions from the planets Jupiter and Venus and the star Sirius. McPherson has studied astronomy for five years.

Dr. Richard Brockmeier, assistant professor of physics at Hope College who instructs astronomy, said the explanation was a feasible answer to the mystery.

He said the prismatic refraction by frost crystals of starlight would cause an effect similar to a rainbow.

An Allegan sheriff's deputy who viewed the objects through binoculars said they were bright colored with the colors changing from red to dark blue to lighter blue and bluish green.

A resident in the Saugatuck area reported seeing the lights at 2:18 a.m. today. The sheriff's department received calls from residents who saw the lights over the southern part of the county.

Mr. and Mrs. Cy Vande Luyster of 144 Dartmouth Rd., Holland, saw unidentified green, red and white lights southwest of Zeeland and Holland about 8:45 p.m. Wednesday.

Unidentified flying objects were also sighted in the Battle Creek area between 8:30 p.m. and 9 p.m. Wednesday.

Several bids were approved by City Council at its regular meeting Wednesday night.

There were four bids on various recreation projects. Contract for the lot retaining wall at Maplewood playground went to Vander Hulst and Branderhorst for \$395; lot lot fencing to Cyclone Fence Sales, U. S. Steel Corp., for \$920; Maplewood main area fencing to American Fence Erectors for \$4,584; and Lakeview Magic Square fencing to Cyclone Fence Sales for \$2,288.

Also approved were the following recommended bid of the Board of Public Works for power plant equipment: Mid-west Conveyor Co., coal handling equipment, \$18,695; Allis-len-Sherman-Hoff Co., ash handling equipment, \$18,695; Allis Chalmers Manufacturing Co., miscellaneous pumps, \$5,246; Byron Jackson Pumps Inc., pump items, \$5,870; Rockwell Manufacturing (Republic), control and instrumentation, \$84,639.

Other contracts go to General Electric, switchgear items, \$131,310; I. T. E. Circuit Breaker Co., load and motor control centers, \$30,384; I. T. E. Circuit Breaker Co., station power transformers, \$13,377; Harlo Corp., control switch-

board, \$10,610; Westinghouse Electric Corp., reactors, \$41,801.

## Report on Space Use Released

A report on space utilization in city-owned buildings in Holland conducted by Space Utilization Analysis Inc. was submitted to City Council Wednesday night for study. Copies were issued to Councilmen about two weeks ago for study.

The study was called in connection with plans for a new police and fire station, and a belief that needs of all departments should be studied for an orderly long-range plan.

A new City Hall is recommended for Holland, replacing the existing structure which is more than 50 years old and not suitable for remodeling. The report also recommends a new Department of Public Safety to assume responsibilities now administered by police and fire departments, with administrative offices in the city hall, and two new fire stations.

The report states Holland is approaching the size where the utilization of data processing equipment can improve the financial and record-keeping operations of the city, and that billing operations of the Board of Public Works be transferred to the auditor so that an overall city financial operation including utility billing and accounting be consolidated under one financial specialist.

The report also recommends that the responsibility for operating the water distribution and sewer collection systems now operated by the Board of Public Works should be transferred to the city engineer. This transfer of operations would align closely related functions, permitting closer coordination of scheduling and assignment of personnel and equipment. It is recommended that the sewer operation transfer be made by 1970 and the water operation transfer by 1975.

Also recommended is a new Park warehouse opposite the cemetery office building near 16th St. and Fairbanks Ave. A new structure is proposed for the Public Works yard as Sixth St. and Columbia to accommodate electrical and meter repair operation now housed behind City Hall.

The report stated the present city hall could be turned over to the Netherlands Information Service as a headquarters and possible museum.

High School band marching in klompen, and a huge Hudson float with a Dutch theme.

According to Charles Conrad, member of the Tulip Time board arranging for representation, parents of band members will receive first consideration. Plans call for a bus or two to transport the people to Detroit the night before Thanksgiving.

A communication from William Murdoch of Adex Advertising outlined the advantages of promoting Holland, Mich., in a nationally televised event.

The Dutch float will be in two parts extending 75 feet. One will have an operating windmill. There will be tulips and other Dutch touches including skating rinks on both sections with professional skaters.

Plans call for the float to be used in Hudson parades for three years, after which the mill will be dismantled. The float itself is too large to be transported to Holland for Tulip Time parades.

On motion of Councilman Morris Peerbolt, the next Council meeting will be held Tuesday, Oct. 18, instead of Wednesday, Oct. 19, because of the Day of Prayer on the latter day.

## Apartment Question Is Reactivated

City Council Wednesday acted to reopen the apartment house issue on Ottawa Ave. in the vicinity of 33rd to 35th Sts.

This issue involving rezoning a 16-acre plot from A-O residential to A-3 garden apartments had brought an affirmative vote of 6 to 2 on Aug. 10, but the measure lost because it did not carry 75 per cent. Eugene Vande Vusse had asked to be excused from voting because of personal interests.

The motion to reopen consideration Wednesday night was introduced by Councilman John Van Eerden, one of two Councilmen originally voting no on the project. His motion asked that the rezoning question be referred to the Holland Planning Commission for study and report.

There was some question of parliamentary procedure, requiring a suspension of the rules in order to reopen the subject. Vande Vusse again refrained from voting.

Council at its last meeting resolved differences with Providence Christian Reformed Church in arriving at a purchase price for a right of way to extend Ottawa Ave. so that utility lines may be laid to the new Christian High School now under construction at 40th St. and Ottawa Ave.

At Wednesday's meeting Council passed a resolution authorizing the city attorney to proceed with condemnation proceedings in obtaining the so-called Green property for extending the street.

Council also exercised an option to purchase property at 271 East 11th St. for \$5,500, the cost to be charged to the Motor Vehicle Highway fund. The property adjoins the street department garage.

Council granted permission to the Holland Cab Co. to boost cab rates in the city listing 50 cents for the first 1/2 mile, 10 cents for each additional 1/2 mile and \$4 an hour waiting time.

A communication from the president of the Board of Public Works called attention to a payment of \$50,000 from the sewer fund to defray principal and interest on a sewer bond issue. Concern was expressed about this type of expense since it was stated it will soon deplete all funds of the sewer department by the end of this fiscal year if sewer projects now approved and those contemplated under long range planning are completed.

It was pointed out that the board approved payment of the amount but felt Council should know the consequences. It was accepted as information.

Council acknowledged with thanks a gift of \$350 from the Herrick Foundation in providing a portrait of Mrs. Hazel Hayes which now hangs in the library.

The city clerk submitted a letter from the Michigan Municipal Employees Retirement system announcing the annual meeting in Lansing Oct. 21. Copies of the post audit report as prepared by Dwight D. Ferris for the fiscal year ended June 30 were distributed. Copies will be made available to the administrative boards. The city clerk was directed to publish the summary in The Holland Evening Sentinel.

## Saugatuck Voters Reject Bond Issue

SAUGATUCK — Saugatuck school district voters Tuesday turned down a \$1.4 million school construction program which would have included a new high school building.

Board President Julius Van Oss said he advocates another election soon with no modification of the plans.

**HEADED FOR GERMANY**—Major Charles E.A. Van Duren, home from 183 missions over Viet Nam, is shown here with models of two single-engine planes which he will be flying at his new assignment in Germany. At left is the F100 Super Sabre and in his hands the F104 Star Fighter. The type he flew in Viet Nam was the A-1 Sky

Raider, a relatively large single engine propeller driven plane. The Sky Raider which dates back to 1954 or earlier is now considered obsolete but still the best answer to the type of fighting waged in Viet Nam. Major Van Duren has been with the Air Force 15 years. (Sentinel photo)

## Van Duren Flies 183 Missions Over Viet Nam

After flying 183 missions the past year in South Viet Nam, Major Charles E.A. Van Duren is home in Holland for a few weeks with his family before the family takes off in mid-October for the major's new assignment with a NATO fighter weapons delivery branch in Ramstein near the French border in southeast Germany.

The Vietnamese war is far more easily understood in Viet Nam than back home in America, the major said. "Historically, the Vietnamese are good fighters and they are fighting their war against Communism with our support and the support of other nations. We started years ago to aid them and we can't desert them now," he said.

One difficulty is the difference between the oriental and the Caucasian mind. The strong need to "save face" on the part of the oriental leads to many misunderstandings. "And when you think you finally understand their reasoning, something happens that baffles you more than before," the major said, adding that his own association with his oriental pilots was excellent.

Americans cannot easily understand the Vietnamese geography. This elongated nation even in North Viet Nam lies entirely in the tropical zone. Much of it is a triple canopy jungle with lush growth 200 feet high so dense that it's difficult for light to penetrate. And since it rains every day, the jungle is constantly dripping and full of jungle life.

"Because of the warm climate, the Vietnamese have never had to plan for tomorrow. He got his food easily and never had to think in terms of coal in the basement for winter. His ideas of democracy are far from the American brand which local people have taken for granted for generations," he added.

## Crews Hold Joint Meet

Those attending the meeting included Edwin Raphael, Larry Schippers, Ted Jungblut, Marilyn Perry, Dr. Dennis Duffield, Les Woltman, Mike Lucas and Gil Bussies Jr.

## Fraters Get Honor Award At College

The Fraternal Society of Hope College has been chosen to receive the \$500 Social Service Award for 1966, according to Dean of Men Robert De Young.

High in Frater contributions for the year was the Christmas party given the pediatric section of the Holland schools. Under the chairmanship of Chris Miller, senior from Churchville, Pa., Frater men chose to entertain 20 handicapped children in helping to celebrate Christmas.

Other contributions included a \$1,000 donation to the Student Social Center fund, highest individual member donation to the Hope-Holland hamlet drive for the Viet Nam village, Le Poi, and whole-hearted participation in blood drive donations. Higher Horizons program, Muscular Dystrophy drive, and assisting in various sports areas in the community. For the fourth straight year the Fraters handled the Punt, Pass, and Kick contest for eight and nine-year-olds and assisted West Ottawa schools with wrestling and varsity track.

Serving on the panel of judges were the five professors who were candidates for Hope's Outstanding Professor of Education: Chaplain William Hilligdon, Dr. Arthur Jentz, Dr. James A. Prins, Dr. Henry ten Hoer and Dr. Kenneth Weller.

This is the first time in the history of the college that such an award has been offered. Given by an anonymous donor, the award will be given each year to the social fraternity, who on the basis of written record of service to campus and community, contributes the most.

The new fraternity, Phi Delta Chi, organized this past spring, will be eligible, along with the other five for the 1967 Service Award. The present competition included the fraternities Emersonian, Arcadian, Cosmopolitan, Knickerbocker, and Fraternal. The six fraternities are governed by an Interfraternity Council. Men interested in joining one of the fraternities must have an adequate academic rating.

Mrs. Doris Hunzinger, 25, was set free after her mother, Mrs. Ella Pelon of Muskegon, posted a property bond.

Application for admission to bond was granted in the case by Ottawa Circuit Judge Raymond L. Smith last Friday when a Grand Haven physician testified Mrs. Hunzinger is pregnant. An anterior application by her court-appointed attorney Aug. 4 had been denied.

Mrs. Hunzinger pleaded not guilty Aug. 2 in Circuit Court. She had been in the county jail since her arrest by State Police after the funeral of her daughter, Helen Marie.

## Deputies Probe Church Breakin

Ottawa County sheriff's deputies are continuing their investigation of breakins at Ventura Baptist Church and the nearby church parsonage, 16236 Quincy St., which occurred Friday afternoon.

The thieves pried open a steel case in the library of the church, and took \$330. They also ransacked drawers, closets, and other areas of the church. Nothing was reported missing from the parsonage.

## HUNGER — CHURCH WORLD SERVICE

One of the inexorable facts of life in our world today is the fact that the majority of its inhabitants are suffering from hunger. We wish it were possible to present the stark facts of the hunger problem in all its gruesome detail.

Specifically, we call attention to the drought and resulting famine in India today. Dr. Roger Revell, of Harvard University, told a Congressional Committee that "tens of millions of people will starve . . . The fate of mankind is being ground out on the anvil of India and other impoverished countries. Earlier this year, London's New Statesman editorialized: 'We are in the presence, perhaps, of a turning point in human affairs so immense that we do not perceive it.'"

If the hunger problem could be brought home to the American people, we are sure they are generous and would want to help just as they always have in the case of natural disasters such as floods and earthquakes in this and other countries. But this hunger problem is a continuing one and is not uppermost in our consciousness. Then too, many feel impotent in that they hardly know how specifically to make their influence felt.

Fortunately, this latter reason no longer holds. For an article which crossed our desk recently reads: "For the first time in history, Roman Catholics and Protestants are joining hearts and hands in a common appeal and effort to alleviate the enormity of suffering in India." It then proceeds to detail plans for collections in churches to be channeled through the organization known as Church World Service.

We have heard of shipments of supplies to Viet Nam that get into improper hands and find their way into the black market. To our knowledge, we've never heard or read about any such mishandling of funds through Church World Service. Many people believe the cause is a worthy one and commend it to the thoughtful consideration of all who read this.

Judgment on Ungodly Living  
Isaiah 5:8, 11-12, 18-23  
By C. P. Dame

We all know that there is much ungodly living in our world and in our nation. The subject of judgment is overlooked and ignored by many. The fact of judgment deserves to be emphasized especially in these times.

I. Covetousness is very common. In the first part of Isaiah 5 there is the Parable of the Vineyard. The prophet tells of a vineyard ideally situated and well cared for but strangely enough it brought forth only wild grapes. "For the vineyard of the Lord of Hosts is the House of Israel, and the men of Judah His pleasant plant; and He looked for justice, but behold oppression; for righteousness, but behold a cry." God had a right to look for fruit in view of what He had done for the nation but He did not get it.

We belong to a favorite nation. Are we disappointing God too? Seven times the word "Woe" is in the lesson text. The word means "shame upon" or "curse upon." And why? The prophet tells the reasons. Note that the prophet first denounced the wealthy because they were so covetous and puffed big estates and dispossessed the poor by their land-grabbing. The Bible champions the cause of the poor. The craze for more is with us.

II. Self-indulgence degrades a people. "Woe unto them that rise up early in the morning, that they may follow strong drink. 'Drunkness is an old sin. Too much prosperity often leads to drunkenness. The wealthy in Judah bought liquor and consumed it freely. We as a people have more money than any previous generation and far too much is spent for liquor and the type of life that goes with its use."

And liquor hurts a nation, for it causes people to forget God and His way of life. That liquor and crime are linked in many instances is well known. It was true in the prophet's day. In addition it is also a fact that the pleasure-mad people make light of God's judgment.

III. Confusion dulls the moral sense. "Woe unto them that call evil good, and good evil. 'In Isaiah's day some people lost the ability to distinguish between right and wrong. They got that way because they did not care and eventually they did not want to make a distinction. Moral insensibility plagued them."

Today some say that right and wrong are relative terms. The Bible makes a clear distinction between the evil and the good. We are told to "abhor that which is evil" and to "cleave to that which is good" (Romans 12:9).

"Woe unto them that are wise in their own eyes, and prudent in their own sight." Liquor, luxury, success and prosperity give a false view of life and a false sense of security. It does not take much to make some people conceited. When the nation loses its moral sense justice is undermined. Note the words, "Which justify the wicked for reward, and take away the righteousness of the righteous from him." The prophet Isaiah has a message for our nation.

Appearing during the period when judges were making their final compilations, the Four Fifths of Detroit, resplendent in full dress suits of tails, white ties and top hats. At the conclusion, three quartet members crowned their spokesman with custard pies in a slapstick scene reminiscent of the Mack Sennet comedies.

Chuck Sherwood of Kalamazoo, master of ceremonies, quipped he'd hate to follow that act. As is customary, the performers closed with singing "Keep America Singing," the barbershoppers' theme song composed several years ago by Willis A. Diekema of Holland.

## 4-Year-Old Electrocuted

GRAND HAVEN — John Dwight Carlton, four-year-old son of Mr. and Mrs. John Carlton, of 14096 104th Ave., Robinson township, was electrocuted while playing in the yard of a neighbor, Ronald Yahne, about 100 yards from his home Sunday.

When a searching party found the child, it is believed he had been dead an hour. State police applied mouth-to-mouth resuscitation and an ambulance took the boy to Grand Haven Municipal Hospital where he was pronounced dead on arrival.

It is believed the child got his clothing entangled in a barbed wire fence and in attempting to get free took hold of a 110 volt electric line above the lower fence, creating a circuit which caused his death. The electric fence surrounded a pig pen. State police are investigating.

The child was born in Muskegon Aug. 25, 1962. His father is employed at Dake Corp. in Grand Haven and also operates a service station at the junction of M-45 and US-31.

## Dutch Rally, Win 20-18 Over Tigers

BENTON HARBOR — Randy Rogers' extra point-kicking string ended at seven Friday night, but he's not complaining. Rogers scored one touchdown, kicked two extra points and his halfback running mate Phil Schaap scored twice as Holland High rebounded from an 18-0 halftime deficit to stop Benton Harbor, 20-18 before 3,500 fans at Filstrup Field. Holland had not beaten the Harbor in football since 1955.

Rogers, a 190-pound senior, had booted five consecutive extra points going into Friday night's action here and added to the streak with two more all-important kicks in the third period before missing the extra point effort in the fourth quarter after Schaap's winning touchdown.

The victory was the fifth straight for coach Dave Kemper's Dutch, establishing the top win streak for the school since 1929, when that squad also won five in a row. Holland's season mark rose to 3-0, while coach Al Ratcliff's Tigers dropped their third decision of the season, all two teams ranked high in the wire service polls—No. 1 Battle Creek Central, Grand Haven and Holland.

The Dutch tried to give the game away three times in the first half. Once when Harbor lineman Fred Minikel blocked Mark Slenk's first period punt and fell on it at the Holland 21-yard line; another time when Tiger linebacker John Seiber fell on Dave Dick's fumble in Dutch territory in the final play of the same period; and again when a bad pass from center forced Slenk to "eat" the ball at his own 31-yard line.

Benton Harbor scored on a fourth-down-and-six-to-go situation after the first Holland miscue, as crafty quarterback Bob Van Antwerp passed 17 yards to wide-open end Rich Visintainer in the end zone.

Fullback Cecil Young's attempt to kick the extra point was blocked by Holland's 235-pound middle guard Jerry Swierenga.

The teams exchanged possession after the game's only fumble before the Harbor rolled 64 yards in 12 plays for its second touchdown. Young romped 20 yards through the middle, bowling over a pair of Holland defenders, enroute to a touchdown with 3:26 remaining in the half. Young's extra point attempt once again failed to get off the ground—this time because of a bad pass from center.

Van Antwerp hit halfback Robert Hynd with a scoring pass with 20 seconds left in the half to give the Tigers an 18-0 halftime lead. This time Young attempted to run for the conversion, but once again failed.

Holland managed just two first downs in the first half and ran just six plays from scrimmage during the second period. Quarterback Chip Millard took to the air for the first time in the third quarter and Holland scored twice as Millard hit on four of six passes for 62 yards.

End Randy Veenhoven returned Van Antwerp's 30-yard punt 36 yards to the Benton Harbor 17-yard line midway through the period and Holland scored five plays later when Rogers bulled his way into the end zone from a yard out with 4:38 left in the third stanza. Rogers added the extra point.

The Dutch cut the margin to 18-14 when Schaap, a 147-pound junior, swept left end for five yards as the buzzer ended the period and Rogers booted his seventh straight extra point. An interception by Veenhoven gave Holland possession with less than two minutes remaining in the quarter at their own 48-yard line.

Two-way line standout Bob Venhuizen set the stage for the deciding touchdown when he dropped Van Antwerp for a 20-yard loss when the crafty Harbor signal caller was attempting to punt from his own seven-yard line.

On the first play following Venhuizen's key tackle, Schaap raced through left tackle for a seven-yard touchdown which gave Holland the lead for the first time in the contest. Rogers' extra point attempt was low and wide, but the Dutch had racked up their victory of the season.

When the clock ran out, Holland had just taken over possession on the Tiger 46-yard line.

Venhuizen, linebacker Bill Wich and Dick stood out on defense for the Dutch, while Millard's second-half passing and the running of Schaap, Rogers and Dick accounted for most of Holland's offensive totals.

The Dutch meet arch-rival Grand Haven in a battle for the Valley Coast Conference lead—and probably the title—next Friday night at 7:45 p.m. in Holland's Riverview Park.

## Maroons Play To Scoreless Tie in Soccer

GRAND RAPIDS — Holland Christian and Calvin Christian of Grandville played to a scoreless tie in their second soccer games of the season here on the Calvin College Knollcrest field Tuesday afternoon.

The tie dropped the Maroons into sole possession of second place with three points. Grand Rapids Central Christian moved into first place in the league standings by handing Hudsonville Unity Christian their second defeat, 4-2. Calvin is third and Unity fourth.

Under league scoring rules, a team is awarded two points for a victory and one point for a tie. Coach Don Van Reken's outfit gets a crack at the league lead next Tuesday when they tangle with the leaders at Hughes Park in Hudsonville at 4:45 p.m.

Van Reken said his club showed improvement over last week's victory at Unity. He reported that Calvin had a big defensive line and was tough to maneuver against. He had praise for his club and singled out Goalie Bill Gravelink for some great saves. Two substitutes, Tom Brower and Dave Slenk, played well during the time they played, Van Reken said.

In an effort to wear down the opposition with fresh lines, Van Reken used 20 players in the game.

## Bulldog Frosh Scores Three Touchdowns

Adrian College made a little defense go a long way Saturday in its 19-14 football victory over Hope College before an estimated 2,700 fans in Riverview Park Saturday afternoon.

Coach Russ DeVette's Flying Dutchmen dominated nearly every offensive department in the MIAA opener for both schools, but Adrian's defense came to life several times to stop Hope deep in Bulldog territory.

Pete Yelorda, Adrian freshman from Pittsburgh, Pa., put Hope in the hole at the game's outset by returning to opening kickoff 76 yards to the Dutch 19-yard line.

Yelorda, a 5'8", 170-pound halfback, accounted for 163 of the Bulldogs' 210-yard total offense figure for the game and scored all three of his team's touchdowns.

Hope totalled 304 yards and piled up 18 first downs to just five for the visitors, but was unable to move the ball in Adrian territory on several occasions.

Hope was given an opportunity to score and win the game in the final minutes after freshman quarterback Eddie Maczko retreated five yards to his own end zone for an intentional safety with one minute, 55 seconds remaining.

Hope quarterback Gary Frens had scored on a one-yard plunge just two minutes earlier to cut Adrian's advantage to 19-12, and the safety narrowed the margin to 19-14.

The ensuing kick off by Hope senior Steve Wessling put the Bulldogs at their own eight-yard line and when three line attempts netted a minus three yards, Adrian coach Chappy Marvin ordered Maczko to give Hope two points.

Marvin apparently remembered that Hope's two-way line star Ken Carpenter had partially blocked Jeff Siek's third-period punt and didn't want to risk a kick so deep in his own territory.

Soph halfback Harry Rumohr returned Siek's free kick to the Bulldog 44, and on the second play from scrimmage, Frens hit fullback Charlie Langeland with a 17-yard aerial to the 25-yard line.

Hope was to advance no further, though, as Frens was dropped for a five-yard loss and threw a pair of incomplete passes before being dropped for a 17-yard loss trying to pass on fourth down with 42 seconds remaining.

Yelorda began his scoring show just three minutes, 17 seconds into the game, when he took a 29-yard pass from sub-quarterback Greg Howells for a touchdown after Barry Conklin had recovered a Hope fumble at the Hope 29. Terry Richards added his only extra point of the day on a kick.

Hope stormed back to move 37-yards in six plays after senior end Gary Holvick recovered Maczko's fumble. A 20-yard pass from Frens to Holvick put the home team on the scoreboard. Frens' pass to Harry Myers for the conversion failed.

Hope nearly scored again in the final minute of the first period, but soph slotback Walt Reed was stopped inches short of the goal line on fourth down, five plays after Holvick recovered another fumble at the Adrian 35.

Yelorda went through the middle of the line for a one-yard score with 4:30 left in the first half to cap a 68-yard drive. When Richards kick failed, Adrian took a 13-6 halftime advantage.

Adrian took over on its own 26 in the final minute of the third period and Yelorda wasted no time in providing the Bulldogs with what proved to be the winning touchdown. He swept right end for eight yards on the first play, then went off-tackle for 66 yards and a touchdown. Richards' kick once again failed.

Yelorda wound up with 137 yards rushing in 12 carries and

caught Adrian's only pass completion of the day for the 29-yard touchdown in his MIAA debut.

Hope's senior halfback Keith Abel took workhorse honors by carrying 28 times for 146 yards.

Hope travels to Olivet for another MIAA contest next Saturday, while Adrian will play host to non-league foe Lake Forest.

## West Ottawa Runners Win

ALLEGAN — The West Ottawa cross country team blanked Allegan 15-48 Wednesday at the Allegan County Fairgrounds.

Paced by captain Jim Harper, the Panthers captured the first six places with the first six runners placing within 10 seconds of each other. Harper, with a 10:58 clocking was followed by Andy Fierro at 11:00, Gary Derksen at 11:02, Dan Martinez at 11:03 Dan Boes at 11:05 and Greg Laarman at 11:08.

Number one runner, junior Pall Martinez of the Panthers was far back in the pack, as he was hampered by a foot problem, which he hopes to correct for the Panther meet with Fennville on Saturday.

Other West Ottawa runners in order were Dave Timmer, Jeff Stam, Emilio Nieto, Phil Van Lente, Jack Harper, Bob Van Regemortel, Joe Martinez, Steve Wehrmeyer, Larry Wernsten, Barry Halkenhof, Mark Buter, Doug Dams, Ray Mascaro, and Leonard Victor, a new runner for Coach Norm Bredeweg.

Now 3-2 in dual meet competition, the Panthers travel to Fennville for the Fennville Invitational at 10:00 a.m. Saturday.

## Zeeland Tops Panthers In O-K Contest

Outrushing and outpassing their slower opponents, Zeeland team scored a decisive 9-0 football victory over West Ottawa before 1,348 fans Friday night at the West Ottawa field.

The losers controlled the ball early in the game, using the first four minutes of play to penetrate the Chix territory. With a chance for a first down, the over-eager Panthers passed, and Zeeland controlled when agile quarterback Jim Lamer intercepted.

The next time the Panthers had the ball, they found themselves placed deep in their own territory after Lamer's punt to the West Ottawa seven-yard line.

After taking over on downs, the Chix moved to the West Ottawa 15, tallying two first downs with Steve Nagelkirk, Dave Ratelink and Jack Elenbaas handling.

Junior quarterback Lamer then scored for the Chix, kicking a 15-yard field goal.

Things looked a little brighter for the Panthers later in the second quarter as Jerry Klomparsen, Gary Sloothaak, Greg Dalman and Steve Tucker moved the ball 50 yards to the Zeeland four, chalking up three first downs, before Tucker, the star of last week's deadlock with Forest Hills, fumbled the ball and Zeeland recovered.

The third quarter looked much like the second, with the Panthers and Chix changing roles. Zeeland was driving for West Ottawa's goal line when a Chix fumble was recovered by Panther center Gary Gloemers.

The Chix were not to be denied a touchdown, though, as they came back brilliantly in the fourth quarter. Lamer, a virtual one-man team, once again did the honors for Zeeland, carrying the ball four yards for a score with 7:56 left in the game.

Lamer's kick for the extra point was blocked by Mike Kolean.

A definite weight advantage was held by the Zeeland front line, averaging a little better than 200 pounds. With accurate blocking and a speedy quarterback, the Chix outplayed their opponents in all aspects of the game.

Coach Ron Wetherbee necessarily had his boys playing different ball than they did last week against Forest Hills, but without another command performance by Tucker, the Panthers just couldn't cut the cake.

With a defensive unit that hasn't been scored against, Coach Dick Cooke's Chix are now 1-0-1 in the O-K League, while the Panthers are 0-1-1. Overall the Panthers stand 1-1-1, and will face the Allegan Tigers next Friday at 7:30 p.m. for West Ottawa's fifth annual homecoming encounter.

## He's Celebrating 100th Birthday

A Holland man who remembers the Pottawatomie Indians in the Michigan wilderness many years ago marked his 100th birthday anniversary Saturday.

John Hamilton Raven, former local realtor and jeweler, received friends Saturday from 7 to 9 p.m. in the home of his daughter, Mrs. Harold McLean, 129 West 12th St. He has made his home with his daughter since the death of Mrs. Raven in 1948. A family dinner was held Sunday at Point West.

The centenarian was born in a log cabin Oct. 1, 1866, near Hartford, Mich. His parents had come to Michigan from New York in a covered wagon drawn by oxen.

In those early days, the Pottawatomie Indians often came to the door of the cabin to beg for food and to sell their baskets. Raven's father became friendly with the Indians and learned to speak their language. He was appointed by the government as an interpreter at the time of signing a peace treaty with the Indians during the presidency of James K. Polk.

As a young man, Raven was associated with his uncle in the jewelry business in Hartford. His uncle had come from the Black Forest in Germany (the land of the cuckoo clocks) and was an expert clock and watchmaker as well as a jeweler. He taught his nephews the trade.

In 1890, Raven came to Holland and opened a small jewelry store.

In 1892 as the new Holland City Bank (tower building) was nearing completion, Raven solicited donations totaling \$600 from public spirited citizens of Holland to purchase the original clock in the tower. He installed that clock and kept it in

John H. Raven perfect running order for many years.

He became well known as a jeweler and diamond expert and traveled extensively through the United States. He was regarded as a master salesman.

In 1920, Raven and his partner, the late John Kramer, built Colonial Theatre (now Park Theatre) and operated it for a number of years before it was taken over by the Butterfield Theatre Co., Inc.

Since 1928, Raven has been associated with his son, Lucien J. Raven, in the real estate business.

At 85, Raven fractured his hip but made a complete recovery. He ceased his regular office work seven or eight years ago when arthritis made walking difficult.

Now he spends his days in his chair. He likes to reminisce about the old days but manages to keep up well with affairs of the day. A confirmed Tiger fan, he listens to baseball games every day.

## Three Persons Discuss Finances At Breakfast

Three speakers at the Holland Chamber of Commerce early-bird breakfast in Hotel Warm Friend this morning urged chamber members to get professional aid in money investing and estate building.

Robert Green, manager of the Paine, Webber, Jackson and Curtis office in Grand Rapids, said persons wishing to buy stock should do so with the aid of competent stock brokers.

Green said many investment opportunities will open up in the coming years as new inventions and new firms are established. He said 25 per cent of the companies that will probably be on the New York Stock Exchange in 1976 don't even exist today.

Jack Uhl, vice-president of Michigan National Bank in charge of the Trust Department, and Bob Lalley, assistant vice-president of the bank, said estates should be built for two reasons. First, they are necessary for self-preservation and secondly, their need for providing funds for one's family after death.

Uhl advocated use of a trust department in protecting estates. He said a person should have his trust department named, become acquainted with trust department officers and have his wife become acquainted with the department to help protect the estate.

Lalley illustrated how careful planning can save much of an estate from inroads by taxes.
